

Wanniassa P to 10

Success and excellence in education

Values

Responsibility

Respect

Resilience

Wanniassa School is a colourful, warm and friendly environment.
We are proud of our students and celebrate their achievements.

Driving success, ambition and excellence in education

Wanniassa School is a school with a diverse, vibrant, energetic and caring community. Qualified, dedicated teachers work collaboratively with students to develop future-focused, personalised pathways. All students are supported to achieve their pathway goals through a wide range of educational, vocational, sporting, cultural and leadership opportunities. We develop successful life-long learners with leadership and citizenship skills that see them flourish at school and beyond.

Critical thinking

We have high expectations of all of our students to be learners. Students are supported to achieve the next step regardless of academic ability. Through rigorous programs, gifted and talented students are extended with some students beginning college and tertiary level work while at Wanniassa School.
