NEW INFORMATION

RATs for students - The ACT Government is currently providing more free rapid antigen tests (RATs) to all ACT public school students. This includes children that attend preschool. All students will receive a pack of 5 tests to use over the holiday period if needed. Preschool students will receive saliva sample RAT kits. They will go home with children in the coming week. For students in K-6 RATs will be available from the classroom teachers, students in 7-10 can collect kits from the front office. The tests have a range of best before dates and families are reminded to check these dates before use. You do not need to use a RAT unless you have COVID-19 symptoms. For more information including how to use a RAT please visit the [Children and COVID-19 webpage](https://www.childrenandcovid19.act.gov.au). For the latest information on Staying COVID Smart visit: www.covid19.act.gov.au.
